DR. REYSER IS PREPARED AT ANY TIME TO EXAMINE LUNGS WITHOUT CHARGE, FOR ALL PHOSE WHO NEED HIS MEDICINES. ATTEND TO YOUR COLDS —A case of five years anding cured by DB. REYSER'S PROTORAL SYRUP

Pirregunes, Jan. 11, 1860. Dn. Kayser:—My wife has been afflicted with a bad cough and difficulty of breathing, for five or six years, which, for several rears back, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case, I procured some of your Pectoral Cough Byrup. I bought, the first time, a fifty cent bottle, which relieved her very much I then called and got a dollar bottle, which cared her entirely, and she has now no trace of the former disease, except weatness. I would also state that I need the medicine myself to a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do sp.

I have been, more or less, in my life, affected with the severest of colds and hearseness. At times my throat would become so closed as to prevent my speaking above a whisper, and by taking a few doses of the above flyrup it would relieve me entirely.

In recommending this medicine, I must unhesitatingly say that it is the best remedy I ever found, purporting to care the above, nor should any family be without this remedy for diseases so provalent.

A GREAT CURE BY DR, KKYSER'S FEUTURAL SYRUP.—I live in Peebles township, Allegheny county. I had a coughing and spitting, which commenced acout the 4th of February last, and continued eight months. I employed the best physicians in the country, and my cough continued unshated until early in October. At that time I was advised to try your PECTORAL COUGH SYEUP, which I did, and after I had taken one bottle I was entirely free from the coughing and spitting. I had despaired of ever getting well, and I think it should be known that this valuable remedy will do for others what it has done in my case.

A WONDERFUL CURM.—Some time ago, an old seighbor of mine was very ill, with a bad cough which very one supposed to be consumption. His relatives old me that he had taken every remedy they heard of rithout benefit; his brother came to see him die, and all were confirmed in the belief that he could not live. I had about the third of a bottle by your Pestaral Syrap, which I save him and it entirely cured him, to the astonwhich I gave him, and it entirely cured him, to the aston-ishment of all. What makes the case more remarkable, is the extreme age of the man, he being about eighty years old. I have no doubt the Pectoral aread his life.

Almost everybody around us has the cold and are inquiring for "Dr. Keyser's Pectoral Syrup." We have sold sixteen bottles has week, and are now entirely out. Mr. A. Alter and Mr. P. ANOTHER NEW CHEET FIGATE—D.E. REYERS'S
PROTORAL SYRUP.—I had been troubled with a cough
and cold for several weeks—so bad was it that I could not
sleep. I had the advice and prescriptions from three of
the best physicians in the city, whom I could name, but do
not do so. I finally procured a bettle of your Pectoral
Byrup, which cured me entirely.

J. W. SIMONTON,

"BTOP THAT COUGHING."—How can I do 11?" "Go to Ecyser's on Wood street and get a bottle of his Cough Pectoral, and if that don't cure you, your case must be desperate indeed." This is a specimen of the colloquy one hears almost every day in cold catching periods of the year. And we can, from actual experiment, cheerfully concurs in the adviser's admonition as above, for we have tried the "Pectoral." in a most stubborn case, with one of the most distressing, contrary, mutish, unsubmable coughs we ever experiences since our advent upon this rundams sphere. We coughed steadly and laboriously for one whole week, in hopes of tisring stoud, but it was no go. In fact it seemed rather to have improved by practice, and to have acquired strength, potency and discressibility by the operation. In this singe of the siege, we con feed our way to Esyser's, 150 Wood St.—procureds fifty cent bettie of the "Pectoral;" took it according to directions, and in forty-eight hours we were master of the field, the examy having unconditionally surrendered, after a brief but unequal conflict with so formidable an adversary as Keyser's famous "Cough Pectoral."—Drownerellie Capper, Dec. 14, 1859.

Battle Greek, Mich., Dec. 21st, 1858,

Prof. Wobp; Thee will please accept a line to inform thee that the hair on my head all fell off over twenty years ago, caused by a complicated chronic disease, at tendes with an eruption on the head. A continual course of suffering through life having reduced me to a state of dependence, I have not been able to obtain stuff for caps, neither have I been able to do them up, in consequence of which my head has suffered extremely from cold. This induced me to pay Briggs & Hodges almost the last cent I had on earth for a two dollar bottle of thy Hair Restorative, about the first of August last. I have faithfully followed the directions, and the baid spot is now covered with hair thick and black though short, it is also coming in all over my bead. Feeling confident that another large bottle would restore it entirely and permanently, I feel anxious to perceverve in its use, and being destitute of means to purchase any more, I would ask thee if thee woulds not be willing to sand me an order on thine agents for a bottle, and receive to thywould ask thee if thee wouldst not be willing to send me an order on thine agents for a bottle, and receive to thyself the scripture declaration—"the reward is to those that are kind to the widow and the fatherless."

Prov. O. J. Woon: Dear Sir:—In the latter part of the year 1853, while attending the State and National Law School of the State of New York, my hair, from a came quickery.

Law School of the State of New York, my hair, from a cause unknown to me, commenced falling off very rapidity, so that in the short space of alt months, the whole upper part of my scalp was atmost entirely bereft of its covering, and much of the remaining portion upon the side and baca part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my return to the State of Indiana, my more casual acquaintances were not so much at a less to discover the cause of the change in my appearance, as my more intimate acquaintances were to ucognize me at all.

At once made application to the most skillful physicians in the country, but, receiving no assurance from them that my hair would again be restored. I was forced to become reconciled to my fate, until, fortunately, fin the latter part of the year 1857, your Restorative was recommended to me by a druggist, as being the most reliable Hair Bestorative in the. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time, I have used seven dollars worth of your Restorative, and as result, have a rich coat of very soft black hair, which no money can

Is precisely what its name indicates, for, while Is precisely what its name indicates, for, while pleasant to the taste, it is revivifying, exhibarating, invigorating and attempthening to the vital powers, and at the same time revivines, relassiates, and renew the kilood in all its purity, and thus at once restorce dearwader the system invaluants to once restorce dearwader the system invaluants of attacks of disease. It is the only preparation ever offered to the world, so chemically and skillfully combined as to be the most powerful tonic, and at the same time so perfectly salary at to, as to act in perfect accordance with the larks of nature, and hence will soothe the teachest stomach, and tone up the digestive organs, and thus allay all nervous and other irritation. It is perfectly exhibitating, and at the same time it is as to produce the most thorough tonic effect, without producing any injurious consequences. Such a remedy has long been felt to be a desideratum in the medical world, for it needs no medical still to see that debility follows all attacks of disease, and proceeds and indeed lays the system open to the insidious attacks of many of the most fami, such, for example, as the following Gonsumption.
